

Jump Start QuickStart Tennis Patrick County

*** Update -- November 2017 ***

Hard to believe it has been 15 months since we kicked off **Jump Start QuickStart** in Patrick County at a training session at Patrick County High School. Our **Jump Start** model is train, equip and support. We initially set a goal of three years to raise funds to purchase equipment for Patrick County public schools. At this point, we have equipped all but one school.

WE KEEP SCORE!

- 17 individuals trained in Patrick County
- Patrick Springs Primary equipped in August 2016 (Titmus Foundation)
- Stuart Elementary equipped in October 2016 (USTA Mid-Atlantic)
- Woolwine Elementary equipped in October 2016 (USTA Mid-Atlantic)
- **BrightSTARS – Tennis for Me!**, a tennis and nutrition immersion format we designed specifically for four-year-olds in Virginia Preschool Initiative classes, implemented at Meadows of Dan Elementary and Patrick Springs Primary. Schools equipped in March 2017 (Martinsville Area Community Foundation)
- Blue Ridge and Hardin Reynolds equipped in November 2017 (Martinsville Area Community Foundation)

PRIMARY IMPACT

- 1,400+ students in Patrick County schools can learn tennis in PE classes

ONLY ONE SCHOOL LEFT TO EQUIP!

- We still need to equip PE classes at Meadows of Dan Elementary School. It will cost ~\$800 to buy racquets, balls, portable nets and a USTA curriculum kit.

If you can help us equip the last school in Patrick County, please call Lynda Harrill at 434-244-9644 or email: quickstartcentral@comcast.net
